

Certificate (1 decode) 100%

A horizontal bar chart comparing two methods. The top bar, labeled 'Certificate (1 decode)', is light gray and extends to the 100% mark on the x-axis, with a green dot at the end. The bottom bar, labeled 'Resampling (K=5)', is also light gray but shorter, extending to the 73% mark, with a blue dot at the end. The x-axis is labeled 'Certificate-visible errors detected (%)' and has tick marks at 0, 20, 40, 60, 80, and 100.

Method	Certificate-visible errors detected (%)
Certificate (1 decode)	100%
Resampling (K=5)	73%

Resampling (K=5) 73%

Certificate-visible errors detected (%)
